

2017 JOINT CALL

Water JPI 2017 Transnational Joint Call

“Water resource management in support of the United Nations Sustainable Development Goals”

2017 Transnational Joint Call presentation

In 2015, 193 world leaders agreed to 17 global goals for sustainable development to end all forms of poverty, fight inequalities and tackle climate change by 2030. The Water JPI action IC4WATER focuses in particular on the UN Sustainable Development Goals ([UN SDGs](#)) related to water challenges for implementing the Water JPI Strategic Research & Innovation Agenda ([SRIA 2.0](#)). It will be implemented through a Joint Call on **“Water resource management in support of the United Nations Sustainable Development Goals”**. Its aim is to encourage transnational collaborative projects on research and innovation to support the implementation of water policies. This call will cover two topics:

- 1- Multiple pressure effects on ecosystems and ecosystem services as well as effective mitigation – adaptation tools and assessments for implementing the water related targets of the UN SDGs.
- 2- Developing accessible solutions for clean water management to address UN SDG6 targets and associated SDGs.

The Water JPI 2017 Joint Call is funded by 12 Funding Partner Organisations from 12 countries, for a global estimated budget of 8.55 M€. This Call is for collaborative transnational research proposals. Consortia should include a minimum of 3 partners from 3 different participating countries. Each research Partner in a project must comply with the eligibility criteria and rules of its funding organisation.

Launch of the Call – 11 October 2017

1st stage – Deadline for submission of pre-proposals: 11 December 2017, 17h00 (CET)

2nd stage – Deadline for submission of full proposals: 27 June 2018, 17h00 (CEST)

MORE INFORMATION

For more information on the call (call announcement, funding countries, national/regional regulations, assessment criteria, submission forms, and submission platform), please consult the 2017 Joint Call webpage on the [Water JPI](#) website.

For general information on the call, please contact the Call Secretariat - IC4Watercall@rcn.no

For specific questions related to the budget, criteria and rules of your funding partner organisation, please consult your National Contact Point. Each research team is encouraged to contact its NCP before submitting a proposal.

If you are looking for a Research Partner for your Project or for a Project to join, please do not hesitate to join our **LinkedIn Discussion Forum** <https://www.linkedin.com/groups/8455262>

A webinar will be organised on 17 November 2017 to answer all your questions! More details and registration on the Water JPI website coming soon.
